NOTES: "Thang" is a big, stout, smooth-traveling gelding that has been used inside and outside. He's been taken to several jackpot ropings, and has won money as a head horse. He is quiet in the box and gets you where you need to be. "Thang" has been utilized in all phases of ranch work, including gathering and sorting mares and every aspect of cow work. He'll give you a great shot at the head or heels when doctoring in the pasture. "Thang" is from the string of Ty Smith.
